

S3i WALL MOUNT STATIC DIMMER

The S3i Wall Mount Dimmer is a single color controller that controls 1 zone receiver. One receiver can be paired with a max of 8 different controls. Compatible with standard wall boxes.

SPECIFICATIONS

Operation Frequency	916.5MHz	Length	2.59" (66.0mm)
Power Supply	3V(CR2025 battery)	Width	1.28" (32.5mm)
Operating Temp	-32° F to +104° F	Height	0.35" (8.9mm)
Relative Humidity	8% - 80%	Requires S3i Receiver (NF-S3i-WR-1009)	

OPERATION

Pair with RF receivers:

1. Click "Learning Key" on RF receiver, or re-power on the receiver three times.
2. Click ☀️ or 🌙 button on the RF remote.

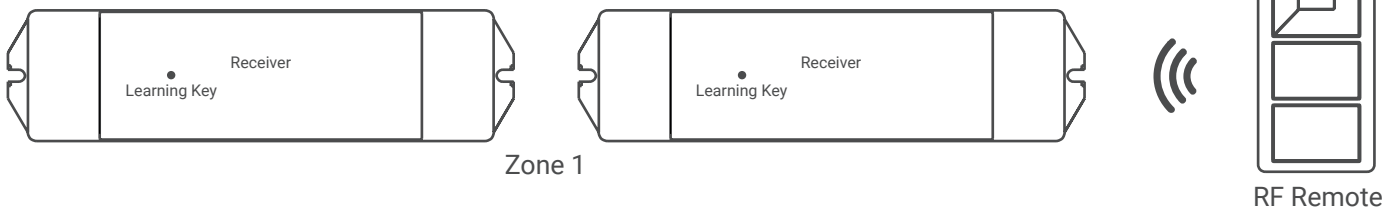

(LED Lights connected with the receiver will flicker once which means the receiver is paired with the wall remote controller)

For WiFi Functionality our WiFi RF Converter is required. (NF-S3i-WC-WIFI)

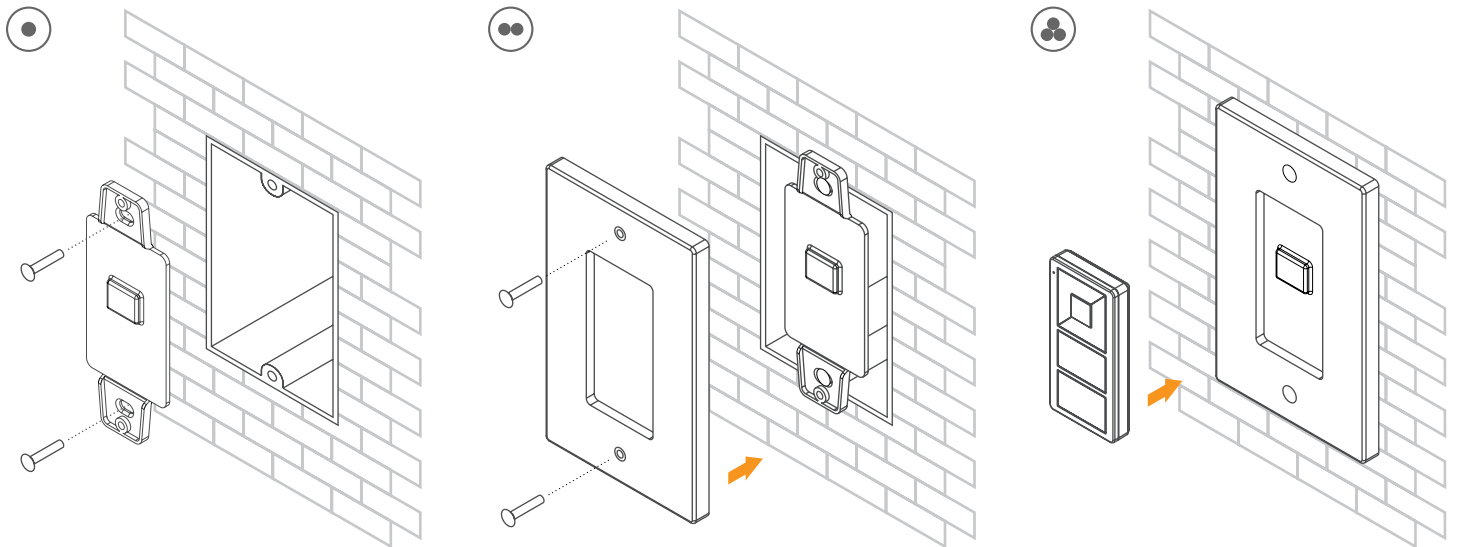

How to delete the pairing:

Press and hold down "Learning Key" on the receiver for over 3 seconds until connected LED lights flicker twice, which means the pairing is deleted successfully.

If you use multiple receivers, you can have all the receivers in the same zone

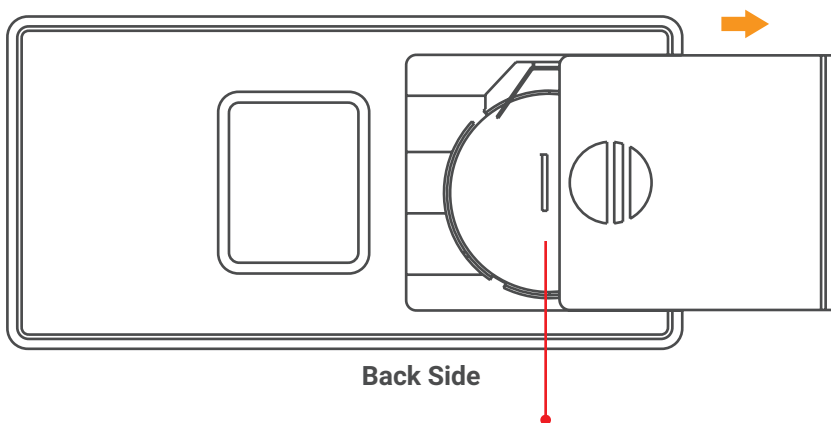

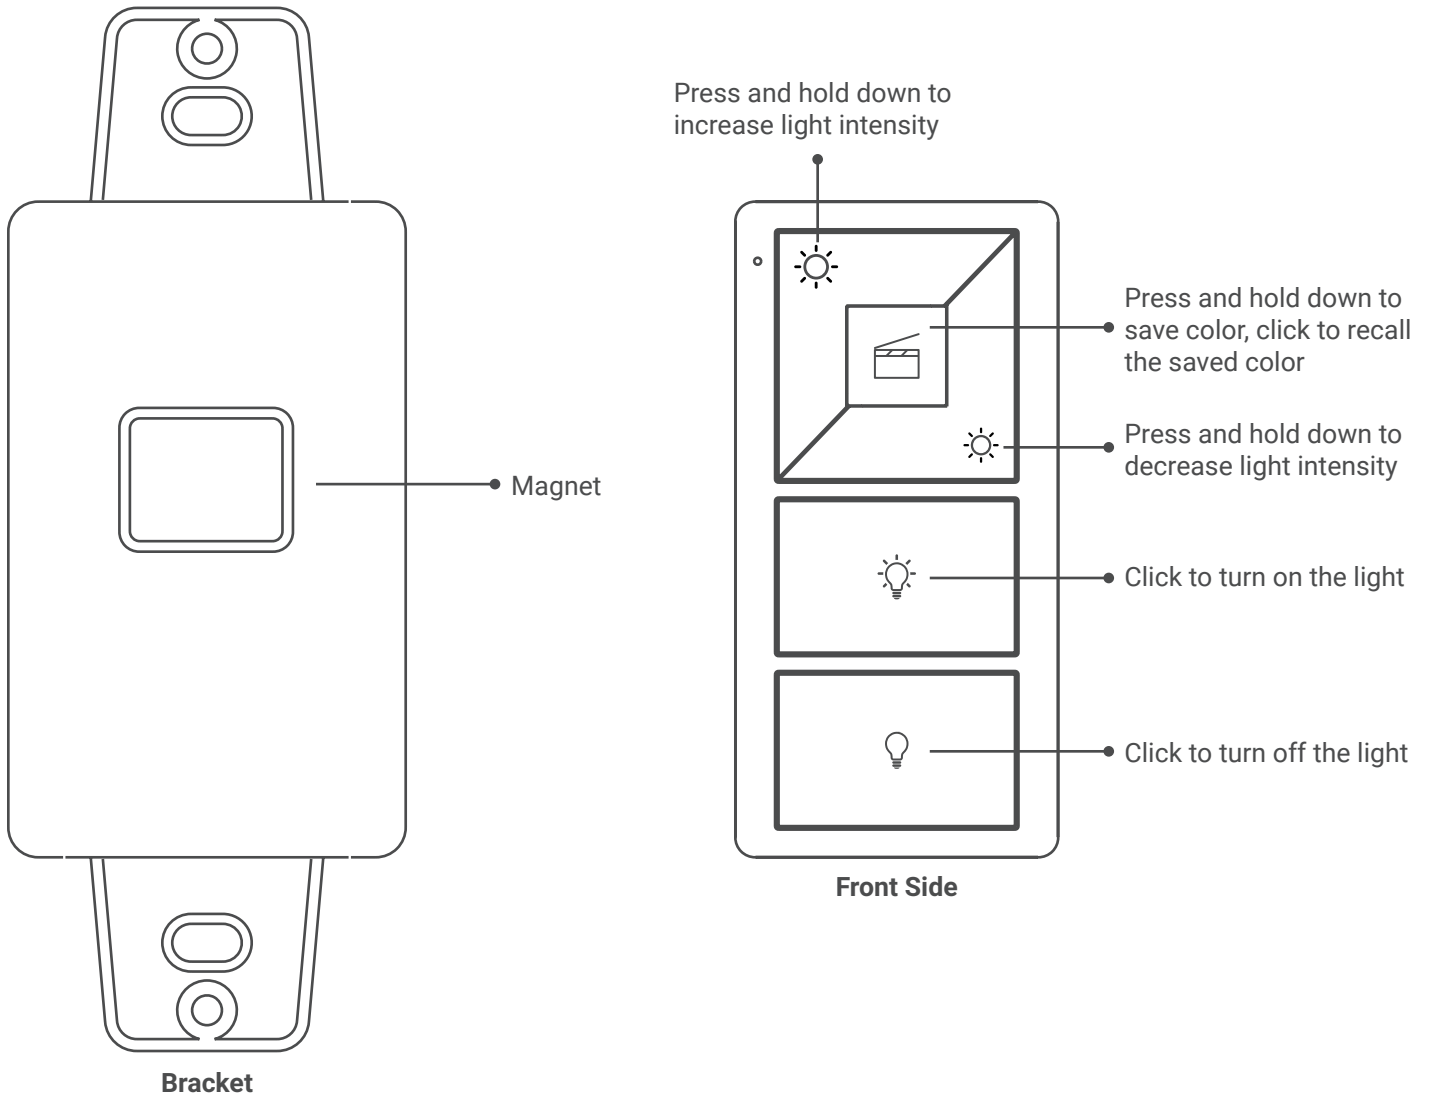

Installation:

Safety & Warnings:

- This device contains a button lithium battery that shall be stored and disposed properly.
- DO NOT expose the device to moisture.

S3i WALL MOUNT STATIC DIMMER
