WIRING DIAGRAM

Safety & Warnings:

- DO NOT install with power applied to device.
- DO NOT expose the device to moisture.

OPERATION

Pair with RF receivers:

1. Click  button on the wall panel controller.
2. Click "Learning Key" on RF receiver.
3. Click a zone number: Z1 - Z4 on the wall panel controller.
3. Touch the color slider.

(LED Lights connected with the receiver will flicker once which means the receiver is paired with the wall remote controller)

For WiFi Functionality our WiFi RF Converter is required. (NF-S3i-WC-WIFI)

How to delete the pairing:

Press and hold down "Learning Key" on the receiver for over 3 seconds until connected LED lights flicker twice, which means the pairing is deleted successfully.

Installation:

S3i TOUCH RGB DIMMER
